Another UNS fishing contest was held on January 25, the 71st to be exact. This year the ice was better but the wind and temperatures were not very favorable. In spite of that we had a great turnout and some incredible prizes to give away. There are MANY Thank Yous to be given out for this event. We had amazing donations given for prizes; THANK YOU to the businesses that helped us make that possible, the team that put in many miles and hours to get

all the donations/prizes for the contest. There were a lot of comments on how wonderful the prizes were. Thank you to the people who sold tickets, the people who participated in fishing, the Hermantown Trap Team, those who drilled holes, B & B Market for again having the food truck available, St. Louis County Rescue Squad, DNR, our MC Jason Manning, and not to forget the board members for putting the entire event together. It literally can't happen without them. It is a lot of hard work, long hours but also very rewarding. This is just some of the people it takes for this event so JOB WELL DONE to everyone who helped in making this event possible. As I mentioned, it is just some of the people involved in making this event happen and there is an appreciation for everyone involved. We are already talking about next years event and how to make it better in all areas.
